Five REGAL Theaters in Colorado have an Open Caption program!

Five Colorado Regal Theaters
scheduling **2 to 4** Movies (that comes with Open Captions)
to be shown with Open Captions
EVERY Day EVERY Week!

Depending on the Regal location's operation schedule, **two to four** new release movies that are supplied with open captions will play with open captions **once a day**, at various times **every day**, (Fri through Thurs) for a two-week OC run. Blockbuster movies may run longer than two weeks. Slower movies may cycle out after one week.

A mixture of the three or four newest and most popular titles will be available for scheduled OC performances. The times will rotate throughout the week so each title can be available for matinee and evening performances. Any title that isn't playing in the rotation can be requested.

At participating locations Regal has reserved an auditorium that plays only OC content for our patrons. The four busiest/most popular movies play on a rotational basis in that auditorium so each of the four shows play at different show times throughout the week.

Show times will be different every day and the total number of shows per day will be predicated on the specific location’s operation schedule. Specifically, at *Regal Village At The Peaks* our operating schedule usually allows for four shows per day in each auditorium, including the OC auditorium. At the location with a curtailed operation schedule such as *Regal Denver West*, there may only be two or three shows offered per day in each auditorium including the OC auditorium, depending on the day of the week.

Open Caption Upon Request Guideline

Regal guests in Colorado also **have the ability to request *any title* in OC at *any of Colorado locations***, provided the studio has distributed an OC version of the film available for us to play. There is **no minimum of attendees required**, however if the number of patrons expected could be included in the information that is helpful. Regal will do their best to grant requests, but there may be cases where they can’t.

Patrons can do so by visiting their website at www.REGmovies.com and **scrolling down to the “Contact Us” link** on the home page. Please see guidance below.

Contact Us

Thank you for contacting Regal.
For media inquiries, please see our Press Releases page.

Reopening our doors has presented many difficulties. We appreciate your patience as we strive to service each customer. Our response times remain delayed by a few weeks but we are diligently working to respond to each inquiry in the order received. To help us address your concern, please provide any pertinent account details associated with your inquiry. Additionally, you can reach out to us privately on our social media platforms.

By selecting the drop-down menu in the ***WHAT CAN WE HELP YOU WITH*** box, Colorado guests can select, **"STATE OF COLORADO OPEN CAPTION REQUEST"** and after they complete the survey they can request an OC performance of any title at any Regal Colorado location.

The email request goes through an approval process to see if we are able to accommodate the request as the studios who's content we show have to be considered. **We need a minimum of 72 hours advanced notice** to accommodate requests. This is a new way for guests to request OC content from us and is subject to change, and we may not be able to accommodate every request. Guests should **not** email manager directly to request an OC performance because it will result in delays, as the manager will have to redirect them to the website so we can accurately track all requests coming in.
